Company Profile

Introduction

SSR Construction & Engineering is a multidisciplinary company specializing in civil, structural, and infrastructure projects. We combine modern technology, experienced professionals, and a commitment to excellence to deliver innovative construction solutions across industrial, residential, and commercial sectors.

The background of the slide is a detailed architectural floor plan of a building. It features various rooms, corridors, and structural elements. Dimensions are marked in millimeters and meters throughout the plan. Several areas are highlighted with yellow and red hatching. Circled numbers 1 through 6 are placed at different locations on the plan, likely indicating specific points of interest or structural details. The text 'См. п. прим. 6' is visible in one of the rooms.

About Us

SSR Constructions is a proprietor-owned construction company based in Bengaluru, Karnataka, with over 9 years of proven excellence in the civil construction industry. Founded on a commitment to quality, integrity, and reliability, we have grown from a modest start-up into one of the region's most respected and trusted construction firms.

Our History

An annual turnover exceeding \$10 million, SSR Constructions continues to shape the industrial landscape of Karnataka and Tamil Nadu. Guided by a commitment to innovation, safety, and sustainability, the company is building not just structures — but lasting value and trust.

2014

SSR Construction was founded as a proprietor-owned company in Bengaluru, Karnataka, focusing on small-scale civil projects.

2018

Strengthened its portfolio with large-scale factory and land development projects.

2022

Recognized as one of the region's most trusted and respected construction firms, known for its quality and client relationships.

Vision & Mission

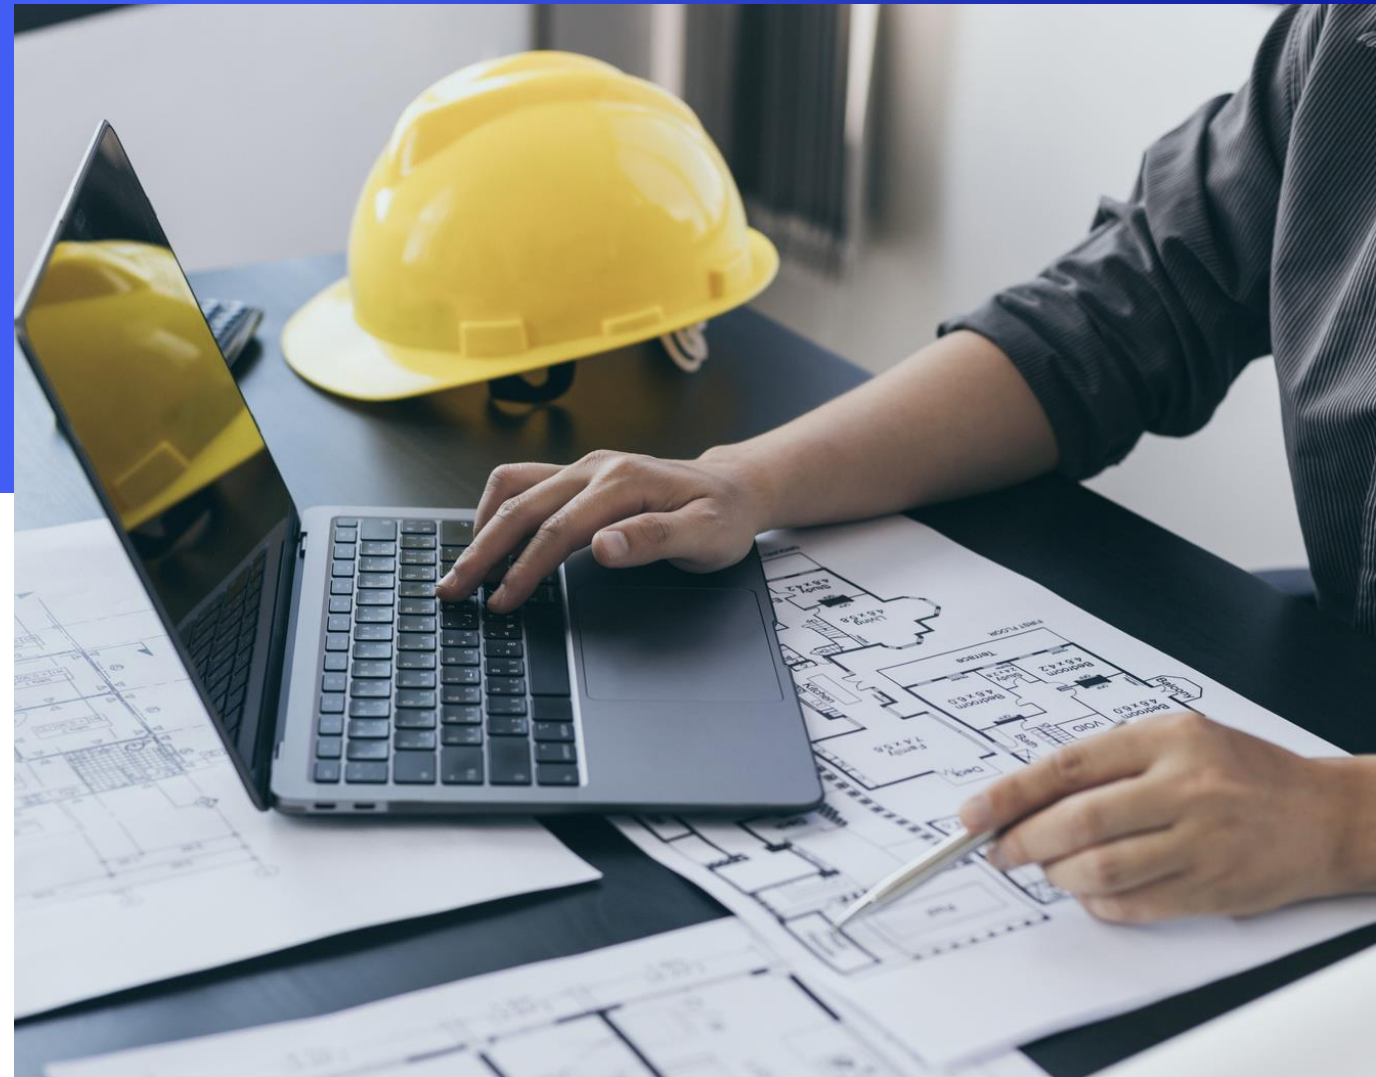

Vision

To redefine the standards of construction excellence through sustainable practices, innovative solutions, and a relentless focus on client satisfaction.

Mission

To build not just structures, but lasting relationships — delivering every project with precision, professionalism, and passion.
